

## **COLORADO BASKETBALL CLUB**

### **TEAM TRAVEL ARRANGEMENTS, PLANNING & POLICIES**

#### **TRAVEL POLICY:**

CBC parents are responsible for travel arrangements for their player. This includes travel to/from the tournament host city and to/from the hotel to the venue. If a player is not able to travel with a parent then that family must coordinate with their teammates to provide a chaperone environment.

Players will stay together in team hotel rooms to facilitate opportunities to know their teammates and provide a shared experience, team bonding and lifelong friendships.

#### **Travel Logistics:**

All information regarding logistics and expectations will be outlined in the CBC Travel Document. If the timelines cannot be met by a player, please notify the coach to make necessary arrangements.

#### **Hotel Accommodations:**

- CBC will reserve a block of rooms allowing the teams and parents to stay together. Parents must call the hotel directly to guarantee the room. If a parent cannot attend a tournament with their player, they must arrange adult supervision, lodging, transportation to and from games and provide them with money for meals.

#### **Transportation:**

- Parents/players are responsible for travel to all tournaments and to/from gyms. Parents can elect to drive or fly.
- To and from games is the responsibility of the parent.

#### **Team Expectations:**

- Coaches will establish a lights out/curfew. We ask that the curfew never be later than 11:00pm (preferably earlier!) This rule is enforced for ALL PLAYERS even though they are staying with parents or chaperones.
- Coaches will establish a team breakfast time. All players are expected to be on time.

#### **Parent Responsibility**

- Parents are responsible for their child at all times or if they are acting as a chaperone for another player, they are responsible for that player for the duration of the trip. It is the parent's responsibility to make sure players have a parent/chaperone, follow
